Real-World Career Experiences
Exploring

What is Exploring?

Exploring is Learning for Life's career education program for young men and women who are at least 14 (and have completed 8th grade) and not yet 21 years old. Adults are selected by the participating organization for involvement in the program. Color, race, religion, gender, sexual orientation, ethnic background, economic status and citizenship are not criteria for participation.

Exploring is all about helping young adults make a more informed decision about future careers and determine if a particular career is the right one for them. Typically, a young adult will either:

- 1) get involved, learn about a career, and decide to pursue it;
- OR 2) learn enough about the career to determine it's not the right fit for them. It's better to learn as a young adult that a career is not for you, than after spending lots of money on an education only to THEN discover you don't like the career!

Exploring leaders volunteer their time to provide real-world career experiences for young adults. Exploring is not about lectures and slide shows – it's about gaining practical experience in a career field. The result is a program of activities that helps youth pursue their special interests, grow, and develop.

HEALTH

Health Exploring is a hands-on program that exposes participants to many career opportunities.

Exploring careers include:

- Nurses
- Physicians
- Pharmacists
- Veterinarians
- Physical Therapists
- Psychologists/Psychiatrists
- Sports Medicine
- Dental Hygienists
- Home Health Care Aides

Explorers get to experience firsthand what it's like to conduct surgery on a dog or cat; take vital signs; evaluate an X-ray; properly put on surgical masks, gloves, and gowns; practice the latest techniques in physical therapy; build a crown for a tooth; and much more.

Explorers will:

- Develop work experiences to begin building their résumé
- Learn important leadership skills
- Understand the importance of teamwork in a professional setting
- Participate in hands-on projects to give them a real feel for whether this career is the right one for them
- Network with professionals who work in these careers daily – who use the latest technology, are aware of emerging trends and know what it takes to get into college for their specific career
- Learn about the educational requirements for a career in Health and receive tangible advice on steps they can take now to prepare and position for a successful career in the field of Health

Learn More. Experience More. Participate in Exploring.
View the career webpage for more information.

Everyone Wins With Exploring!

Exploring will be one of the best opportunities you offer your company, your employees, and the youth of your community.

COMPANY BENEFITS

- Cultivate future employees
- Impact on the education process of youth
- Prepare young adults for transition from school to work
- Develop future responsible and caring adults
- Improve staff teamwork working on common goals outside of normal work
- Visible commitment to the welfare of the community

EMPLOYEE BENEFITS

- Increased realization that we are ALL responsible for molding today's youth and tomorrow's leaders
- Greater job awareness
- Opportunity for greater community involvement
- Enhanced communication, planning, and program development skills
- Increased initiative of employees

YOUTH BENEFITS

- Practical, real-world career experiences and insight
- Stimulated interest in continual education
- Building of leadership, self-confidence, and problem-solving skills
- Cooperative relationship between adults and youth
- Community service to others

Testimonials

"Exploring is an opportunity for (youth) to... get involved with their peers... and people in their community who work with them."

— *Dr. Frederick C. Eichmiller,*
Vice President and Dental Director,
Delta Dental of Wisconsin

"I was a member of a medical Explorer Post. As the Vice President, I learned: Planning, Organization, Friendliness, Communication Skills, Preparedness, Honesty, and How to have fun while building a team of individuals."

The benefits are so tremendous that I really feel that it made me who I am!"

— *Donna F.*

"I am a parent of 5 children, 3 of which have now gone through or are currently in the Explorer Program. Our oldest son did it at Eli Lilly and Co. Our youngest daughter is currently in the Nursing Program at Riverview Hospital. Every one that we have met in the program has been so professional and has also given the kids wonderful contacts and references for their future."

— *Stacey S., Explorer Parent*
