~Suggested Departure Bus Time 12:20 PM~
The National Exploring Leadership Conference will be held July 9-12, 2019, at Ohio University in Athens, Ohio. Professionals, volunteers, and Explorers are invited to attend.

Professionals and volunteers will benefit greatly by attending this conference, as it will help develop potential membership growth areas for career fields that are relevant to each council. Councils will be able to share best practices and develop solutions with other council, area, and regional leaders. We encourage all councils to take advantage of this great opportunity in order to create ways to generate innovative ideas for their yearly membership goals. It will also offer programmatic and networking opportunities that will benefit the council for years to come.

We also invite Explorers that are currently serving or being prospected to serve in a district or council leadership role, such as your Explorers Officers Association. This National Exploring Leadership conference will allow Exploring youth leaders to fine tune their leadership skills and work alongside council adult leadership to help grow and support Exploring. Please don’t forget that two adult leaders must be present, and Youth Protection policies must be followed when traveling and attending the conference with any youth members.

While each council is welcome to send as many representatives as it wishes, we recommend at least one council professional and one volunteer attend the conference. In addition, consider any youth leaders that may assist the council with Exploring growth or Explorers Officers Association development.

The following council roles will be invited to the conference:

- Learning for Life & Exploring National Board
- National, regional and area Exploring Chairman
- Council Exploring Chairman
- Exploring Executives and professionals with Exploring responsibilities
- Exploring youth leaders currently serving in leadership roles or those being prospected for district or council leadership roles
- Any other volunteers or professionals that are interested in growing Exploring

The conference will begin with a welcome reception at 6:00pm on Tuesday, July 9th, and conclude Friday, July 12th at noon. Registration is $375.00 per person plus travel expenses. Registration fees include housing, meals, and programmatic costs during the conference dates. Travel expenses are not included in the registration fees.
