

EXPLORE YOUR WAY TO AN AVIATION FUTURE!

Want an exciting career in aviation? Explore the endless possibilities with Aviation Exploring!

Aviation Exploring is a hands-on program for young men and women from the 6th grade to 20 years old. Through local, participating organizations, the program combines exciting, hands-on activities and interactions with aviation professionals representing a wide range of careers.

Experience first-hand what it's like to be a pilot, aircraft mechanic, flight engineer, avionics technician, air traffic controller, or other aviation professional! Or discover hidden dreams and what excites you most.

Let Aviation Exploring open your eyes to the possibilities. Discover your future today at aviationexploring.com!
