# Safety Moment ~ Concussions\*

\* Scouting America Safety Moments ~ <https://www.scouting.org/health-and-safety/safety-moments/concussions/>

# Concussions...

**A concussion, also known as a traumatic brain injury (TBI), is an injury that results from a blow to the head causing an alteration of brain function. Concussions may also be due to falls or blows to the body that cause the brain to move quickly back and forth.**

# Concussions General Info...

- Concussions are difficult to diagnose and are often called “invisible injuries.” It is important to note that in 90 percent of all youth-related concussions, there is no loss of consciousness. Most people with concussions recover quickly and fully, but for some the symptoms can last for days, weeks, or longer. Recovery may be slower among young children and teenagers. Those who have had a concussion in the past are at greater risk for another one, and recovery may take longer the second time.
- Signs and symptoms of a concussion injury may include:
  - Headache (the most common symptom)
  - Confusion
  - Forgetfulness
  - Dizziness
  - Loss of balance or coordination
  - Nausea/vomiting
  - Blurry or double vision
  - Sensitivity to light or noise
  - Sleepiness or lethargy
  - Personality changes
  - Loss of consciousness, brief or prolonged (Note: This does not occur with all concussions.)

# Concussions Treatment

- Rest in a quiet, darkened area, such as a tent away from activities. Adult leaders should monitor the patient for any change in symptoms. Keep the patient calm and quiet. Allow them to sleep if needed—it is no longer recommended to keep someone with a concussion awake. Limit reading and use of electronics
- If symptoms persist for more than 24 hours or become worse, or if new symptoms appear, the person needs to be evaluated by a physician even if it requires evacuation or removal from an activity. Immediate evacuation should occur if...
  - The headache becomes worse
  - There is repeated vomiting
  - The patient suffers a seizure
  - Drowsiness increases or the patient can't be awakened
  - Speech is slurred
  - The patient seems confused or irritable
  - There is increased dizziness or imbalance
  - The patient feels weakness or numbness in the arms or legs
- Anyone with a suspected concussion should be evaluated by a physician

# Concussions Prevention

- **HELMET SAFETY TIPS** ~ Always wear the right helmet for your activity and that it fits correctly. Wearing a helmet is a must to help reduce the risk of a serious brain injury or skull fracture while bicycling, skateboarding, skiing or snowboarding, riding on a scooter, motorcycle or ATV, and playing sports like tackle football. Replace helmets that have been damaged. Be cautious of helmet-related products that may overstate injury-prevention benefits, such as products claiming they can prevent all concussion
- **RECREATIONAL VEHICLE SAFETY TIPS** ~ Follow the latest guidance on all-terrain vehicle (ATV) safety. No child younger than 16 years of age should operate or ride as a passenger on an ATV
- **MOTOR VEHICLE SAFETY TIPS** ~ Always wear your seatbelt and ensure your child is always properly buckled up in a car seat, booster seat or seat belt — whichever is appropriate for their age and size. Avoid reusing a car seat that shows signs of damage, has been recalled or expired, has been involved in a crash, or lacks essential information such as an expiration date, model number, or instructions
- **PLAYGROUND SAFETY TIPS** ~ Have your child use playgrounds with soft material under them like mulch or sand, not grass or dirt.

- Add new career material, as appropriate, to assist club sponsors & post advisors in delivering career unique experiences & activities for their explorers, and alert the National Director of Exploring and National Exploring Program Chair when this new material has been inserted into their career field area on the Exploring Homepage
- Meet quarterly with the National Exploring Program Committee to inform them of their career committee's current activities and future plans
- Work to increase the total number of Explorers participating in the career field and establish or increase the funding for Exploring scholarships within the career field

# Proposed Exploring Career Committee Responsibilities continued

National Exploring Program needs to reconstitute each of the twelve National Exploring Career Committees with committee chair and committees member who will ...

- Gather and provide useful data specific to the career field for targeted geographic areas. This data would be designed to help councils identify and establish potential membership growth campaigns. It will also encourage the offering of the Exploring program in job markets that have predicted future shortfalls for employees within a particular career
- Become an active promoter of Exploring within your area of influence, while also helping to promote national campaigns and events, such as Exploring Explosion ([www.exploringexplosion.org](http://www.exploringexplosion.org)). These efforts should result in growth in number of registered Explorers within the career field
- If possible, secure financial resources from industry groups & national career associations to market and support the career field specialties
- Generate real proactive promotion from industry & national career associations players to support the formation new Exploring clubs & posts
- As appropriate, support national and/or territorial events in their career specialties

# National Exploring Priorities mapped to BSA Roadmap

## 3. Make Our Programs Highly Relevant to Today's Youth

(continued)

- For our #6 2024 -2025 Priority (NEOA-National Exploring Officer's Association), create a youth and volunteer organizational chart approved by the LFL Board to ensure that Exploring recruits National Youth Officer representation similar to other Older Youth Programs.

## 4. Broaden Our Appeal and Revitalize Our Brand

- For our #5 2024 Priority (National Exploring Commissioner) ,the National Exploring Commissioner will serve as the Exploring Chair on the National Commissioner Service Team and will be working through them to promote the value of the Exploring Program. In addition, the Exploring Commissioner will promote the need for active unit service to our existing Exploring units and provide at least quarterly updates on Exploring to CST Commissioners for further distribution to Councils.
  - When Exploring Journey to Excellence sunsets on 31 December 2024, National Exploring Commissioner Dick Davies proposed "Quality Guidelines for Sustainable Effective Explorer Posts" to replace it (see slides 41 & 42)

# Proposed Exploring Post Metrics from National Exploring Program Commissioner Dick Davies

## Quality Guidelines Leading to Sustainable Effective Explorer Posts

Experienced Exploring volunteers examined characteristics of Posts which maintain successful programs over a period of years while attracting and retaining youth for meaningful multi-year experiences. The following are the first three of five metrics:

1. **Trained Adult Leaders** – Training would be desirable for all adult leaders but at a minimum, the Post Advisor and Committee Chair should complete online training on the basics of running an Explorer Post, including critical youth protection policies. It's easy to appreciate why adult leadership would benefit from an introductory orientation to Exploring.
2. **Minimum Membership of 7** – Posts which start with or can't sustain membership of at least 7 are unlikely to survive to the next year and may lack the critical mass to run exciting, captivating programs. Several Post members are likely to drift away for various reasons during the year and may not show up for additional years in their Post.
3. **Growing Membership (or at Least Maintain 15 Members)** – Growing youth membership is a sign of a healthy Post especially for Posts below 15 in size. At that point, sponsor program resources may be maxed out. Importantly the Post has likely reached the scale to survive natural attrition.

# **Proposed Exploring Post Metrics from National Exploring Program Commissioner Dick Davies** continued

## **Quality Guidelines Leading to Sustainable Effective Explorer Posts**

Experienced Exploring volunteers examined characteristics of Posts which maintain successful programs over a period of years while attracting and retaining youth for meaningful multi-year experiences. The following are the last two of five metrics:

4. **Trained Youth Leaders** – Exploring is a hands-on youth led program with the mentorship and program support of adult advisors. Leadership development is an important element of emphasis of the program. The election of youth officers (or their appointment in the case of some public safety agencies) is an important method of Exploring. It motivates youth to stay involved for multiple years as they move up in the Post and learn important life skills leading teams.
5. **Annual Superactivity** – A Superactivity is the program highlight in a Post's annual activity calendar. It involves special planning and coordination and may involve travel and possibly overnight stays. Examples include a special tour of a major career-oriented site or participation in another Council's Exploring event or competition. A special event of this type makes it more likely the Explorer will return to the Post in the new school year. A Superactivity is important in improving youth retention.

**During 26 August 2024 meeting, National Exploring Committee endorsed these metric as written with no additions.**

# **Journey to Excellence (JTE) unit recognition program to be retired**

Effective December 31, 2024, the Journey to Excellence unit recognition program will be retired. Moving forward, metrics for Scouting and Exploring unit success will be seamlessly integrated into unit leader support materials and resources. These metrics will be consistent with those used by the Commissioner corps to support Scouting and Exploring units. This new approach aims to provide a consistent and more streamlined and effective method for evaluating and enhancing unit performance. Feedback from unit leaders and survey results played a crucial role in making this decision. We believe this transition will better support our unit leaders and ultimately improve the experience for all participants as we continue to develop and deliver relevant programs. Units can continue to purchase 2024 Journey to Excellence recognition items through December 31, 2025.

# Barriers to Abuse Update

- As part of our ongoing commitment to abuse prevention, the Boy Scouts of America, to include Exploring, is updating the adult supervision requirements for overnight activities
- This update enhances the minimum “two deep leadership” requirements by additionally requiring every adult present on overnight activities to be a registered member of the Boy Scouts of America or Exploring
- These adults must submit an adult application and registration fee, undergo a criminal background check, a volunteer screening database check and must complete mandatory Youth Protection training.
- A limited exception for parents and legal guardians of Cub Scout youth attending overnight with their children is planned due to the family centric nature of Cub Scouting
- All Cub Scout Packs, Scouts BSA Troops, Venturing Crews, Sea Scouting Ships, Exploring Posts, council, and district overnight programs will be required to comply with this update by September 1, 2023. We encourage early adoption prior to the effective date
- This updated Barrier to Abuse will be referenced as part of the Guide to Safe Scouting, Exploring’s Safety First Guidelines, Youth Protection and Adult Leadership section, Scouting’s Barriers to Abuse. Youth Protection and Barriers to Abuse FAQ’s will be expanded to include additional FAQ’s as they are developed

*George Denise completed his Exploring Fast Start training on 1/01/2011 and his most recent position is Service Team Chair for my district since February 2018. He has been involved with every aspect from FOS and volunteer recruitment to membership, product sales, program and unit service. George helped Exploring District achieved significant growth in our FOS campaign and 5% membership growth last year. We are at 61% of our FOS goal for the year, second highest percentage in our council. As we shelter-in-place, he secured a dynamic guest speaker for our Science Night and saved us \$650 in shipping cost in our Make A Mask Challenge. His efforts made it possible for us to donate thousands of pieces of protective medical gear to 7 medical facilities in 2 counties. He supported a 15 year old Scout in the Medical Explorer program whom has wanted to make a difference. What started as a local mask-making challenge turned into a multi-city effort through connections of Scouting friends in Dallas, TX and Orange County, CA to Santa Clara county .*

***Effective August 1, 2020**, all applicants 18 through 20 years old must complete and submit an adult application, consent to a criminal background check, and successfully complete Youth Protection training.*

*However, an 18- through 20-year-old will still be considered an Adult Exploring Participant in the post and will not be considered an adult leader. **Therefore, an “EP” will not be allowed to fulfill adult leadership roles pertaining to Two-Adult Leadership and other requirements that require leadership to be at least 21 years of age.***

***All Exploring Participants “EP” will continue to count as youth within your youth membership reports.***
